To Whom it may Concern:

I am writing this letter of recommendation for Ms. Jean Dugan from San Diego Cooperative Charter School. As a Board Member for the last decade and current Board President, I am faced daily with the hardships that teachers face, when it comes to trying to excite children and give them that life-long desire to embrace education, learning and fun. In my years of knowing Ms. Jean, I have witnessed first-hand her ability to connect with her students, and come at learning from a different angle, with fantastic results – both academically and in the embrace of the whole child. I am lucky enough to have a now High School student who was educated during 8<sup>th</sup> Grade by Ms. Jean, and to this day she not only reflects on how she is head and shoulders above other Math/Science students in her class, but also reflects on how much she enjoys learning, due to her fantastic teacher from Middle School.

I would encourage you to consider Ms. Jean for this position, educating the next generation of thinkers and learners.

Thank you,

Simon Chapman
